Tatania Stroud, Stephanie McTague, Saraswathy, Carissa, Alaina, Brooke, Season, Hope

AGENDA

- Introductions
- Principal report
- Review of finances
- Updates
- Review of any new business

NOTES

Principal report

- Report Cards and Communication of Learning will be sent home Feb 10, 2025
- Mandatory Literacy Screening is in place this school year -- educators are communicating initial assessment results directly with caregivers, as well as on T1 Report cards. It is important to note that this is a snapshot from the beginning of the year. Teaching and learning continues, and this initial screening while included on the T1 report card in many cases is a different result to screenings that are occurring now.
- Words Matter Campaign: Educator sessions have occurred each month, including framework for intervention, case studies, and resources to support educators and students during challenging discussions.
- Literacy Lead Project: 4 educators have volunteered to take lead roles in the Literacy Lead Project this year -- attending professional development, and sharing learning and strategies back to their team. The first sharing session was in January, and will be following up with more substantial time during future staff meetings. Leads include Vernessa Kulikov (DECE, Jennifer Martin (K), Heidi Sproul (J) Rebecca Scott (I)

- January 27 Math PD: 9 staff members volunteered to participate in Mathematics PD alongside Imbedded Itinerant staff. Focus is on the Mathematics Strategies detailed on the staff website, alongside the Tiered Intervention Strategies anchoring student support.
- Intermediate Ski Trip is happening.
- Playground Update: Recommendation from Facilities is that we consider holding on selecting a playground plan given the recent quotes and scope seen in bids across the WRDSB.

PRO Grant

- Council agreed for Spring social fund to be used from provincial board fund
- Co-chair would be Stepahnie

Financial Update -- Stephanie

- School council to contribute with fundraising for nutrition for learning
- Each class will be allocated with a fund of $500 to be spent for their classroom needs or special programs or educational purposes and it was approved by the school council. Total amount allocated is $5500.
- Playground upgrade is $5000

Approvals: divisional activities

Activities Update
