Discussion	**Tarmac** - What are we going to do with the games/designs on the tarmac? Barry gave us some options:

	- Option 1 - remake everything that have been damaged - everything will be made properly ($1200 + tax) - Option 2 - Barry will use leftover material to fill in gaps and just pay for labour ($200) - Option 3 - leave as is - Mr Thopmson said that he could help with the 4 square game (use concrete paint) - Option 2 had been chosed **Spring Cleanup - Wednesday, April 22nd (3:30 - 4:30 pm)** - This is Earth Day! - Gloves, bags and garbage receptacles will be made available - Groh Green club - parent council members signed up and can be volunteers **Bylaws** - Karla has not had a chance to draft these **Funds for school use** - We have $16,000 to use for school - how can we use this? Should it be an outdoor beautification fund? Gaggle ball pit? - Karla, Heather, Taryn and facilities manager can sit down and talk about grass/yard. Need to come up with a plan and break it down into chunks - Contact Dalila has says they need pictures and City of Kitchener can possibly fix it. Contact would need at least 4-5 emails from parents to move forward
WRAPSC	**Anam** - Online meeting this time - Way they recognize volunteer hours is changing - levels - bronze, silver, gold - Job of school council to ask principals/VPs to accommodate high school students as much as possible - Other topic: talking about provincial government funding cuts (cut 7 million dollars from education budget) - asking parents to raise voices, write letters, contact MPs and MPPs. Templates were created for emails. Leave voice mails and emails for government officials - Talk about rock climbing structures for students in ACE classroom for the gym. Hire teacher/EA to be there to supervise

Questions and Answers	Play structure for school? Could be at least $100,000 and has to be accessible, grading and other things would need to be done to the ground to be able to support the play structure. Willow River was told $150,000 for their play structure -investment is important for the grass or for Kindergarten classes to be able to play outside - need to improve outdoor area for the kids - Should someone make a template to write to government official? Delila said she knows someone at the City who might be able to help. Sprinkler system is under the portables. We don't know how long all of those portables will be there. Can we move the sprinkler systems from under the portables?
Next Meeting Dates	***No meeting in March*** Wednesday, April 8th Wednesday, May 13th Wednesday, June 17** (shift in date to collect feedback from Grohfest)
