Silverheights School Council Meeting Agenda

Date & Time: September 28, 2022, 6:30-8:30 pm

"Parents play a vital role in the development and education of their children and in the success of schools.
They are the most important influence in a child's life outside of school.
Long after direct learning from parents in a child's early years gives way to formal education, parents continue to play a key role in student success through the attitudes they help to share and the direct supports they provide."
